

# Mentoring Program

## QUESTIONS TO ASK A MENTEE

As a mentor you can help your mentee define their objective in the program by asking them these questions:

- \* What are you hoping to achieve from the mentoring program?
- \* Do you have anything specific that you want me to help you with?
- \* What are some of the practical skills you would like me to help you work on developing?
- \* What do you think your strengths and weaknesses are?
- \* If you could wave a magic wand, what would be the dream job you would see yourself doing in 3 years?
- \* If you were totally challenged and fulfilled at work, what would that look like for you?
- \* What does a huge success look like to you?
- \* What other learning or development activities are you doing right now?
- \* If I could give you exactly the right sort of advice and information that you need, what would that be?
